The 2018 vintage was particularly wet. After the drought of 2017, the months of March, April, May and June 2018 recorded rainfall well above seasonal norms, preventing us from entering the vineyards with trucks to ensure good protection against diseases. The total absence of mistral wind combined with heavy rains fostered a heavy pressure of mildew, which eventually led to crop losses on some plots. In addition, the hail hit the vineyard on June 24th : a historic first for our vines in Pierrefeu. Summer was slow to come but temperatures started to rise steadily from June 21st, which allowed a good ripening of the grapes. The harvest started on August 23rd and finished on September 14th.

GROWING The vineyards are worked by hand, using natural animal fertilizers. Buds are trimmed and a green harvest is practice to purposefully limit yields. A part of the vineyard is plowed with horses. The area between the rows of vines is grassed over with cereals.

WINEMAKING All grapes are harvested manually, sorted, not de-stemmed and directly loaded into an hydraulic Champenois Coquard press without crushing. The grapes are lightly pressed so as to obtain optimum delicacy and fragrance from the very heart of the grapes. Wines ferment in temperature-controlled stainless steel, gravity-fed cuves. The wine is bottled at the Château la Tour de l'Evêque.

TASTING The appearance offers a lemon-yellow colour with silvery tinges. The nose is clean, pronounced, with peachy primary aromas, completed by golden apples on flowery background, reminding the honeysuckle. There is a certain delicacy coming with these fruity and airy layers, however with high definition and a lot of freshness. The palate is dry, with crispy, citrusy acidity balanced by the silky mouthfeel. The flavours remind the pomelo and its zests, together with aromas from the nose, lingering on the long finish. Can drink now or up to 3-5 years, paired with a sea bream ceviche, peaches and quinoa.
